Week Two was peppy!

Week Two was jam-packed with spirit, competition, and adventure! The week began with cheering at the Pep Rally and concluded with a trip to Dorney Park!

On Sunday, Campers were decked out in green and white as they enjoyed a sports themed carnival games. This was only the beginning of the groundbreaking event at the Beren Arena. Each camper received temporary sports tattoos, pom poms and gear to cheer on the Morasharks as they took on the Harlem Wizards. As the starting lineups were called, everyone was shocked to see a marching band advance onto the court! The band got the crowd up on their feet and cheering for the home team! We are so excited to use the Beren Arena for many athletic and campwide events to come!

Monday, the dancing continued at the Fabragen on Fourth! Campers and staff gathered to celebrate July 4th with Joey Newcomb and Benny Friedman. The evening concluded with campers arm in arm overlooking the fireworks as they lit up the sky.

Tuesday, Boys Campus participated in the annual FIFA Soccer Tournament while the girls stayed active in "Studio247", a fitness day full of workouts, trainings and sports clinics. The day concluded with the championship games on boys campus and a color run for the girls!

Thursday, campers and counselors loaded the busses to Dorney Park for a wet and wild day. Campers enjoyed this exhilarating experience! After such a rollercoaster week of non-stop fun and excitement, surely we all enjoyed late wakeup on Friday and looking forward to a restful Shabbat. We are looking forward to Week 3!

Parsha Thoughts...Havi Hirschey (g15)

Two of the significant events in this week's Parsha are Miriam's death and the story of Moshe hitting the rock. Immediately after Miriam died there was no water for the Jewish people and they turned to Moshe to complain of thirst. In response to the people's complaints, Moshe turned to Hashem who instructed him to speak to the rock. He explained that when Moshe speaks to the rock, water will come from it and quench the thirst of the people. This is strange. What exactly did Hashem want Moshe to say to the rock and how could this interaction bring water to the Jewish people? The Netziv explains that Moshe was meant to speak words of Torah to the rock in front of the Jewish people. The words of Torah would bring forth the water. Hashem was trying to teach Moshe and Beni Yisroel that in times of need we should turn to Torah and Mitzvot for support. Chazal often compare the Torah to water and without water one would not survive. Just as one needs water to survive, the Jewish people need Torah to survive and thrive. In times of despair, we need to recognize that everything comes from Hashem, both our struggle and our salvation. We should therefore turn to the Torah, our life source, to provide us with the support we need to persevere.

Spotlight on new Senior Staff: Lisa Lowy

Q: What do you do during the year and what is your job in camp?

A: During the school year, I am the Director of Admissions at HANC Elementary School. In camp, I am the Shtili Camp mom.

Q: Why did you decide to come to Camp Morasha this summer?

A: I needed to find the picture of myself on the values wall, and update it on Yom Israel :) All kidding aside, I always loved Morasha growing up and wanted to come back to experience it all over again

Q: Describe the YSG/OSG division in one word:

A: LIVELY

Q: As a Morasha Alumnus, how does it feel to come back and have your children come to Camp Morasha?

A: I enjoyed my summers as a camper and staff member at Morasha. I love that my kids can see where I went to camp and share in similar Morasha experiences as I did growing up.

Q: What is your favorite camp food?

A: Pizza and Shakshuka

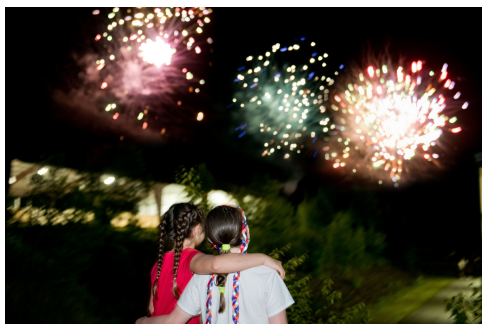

Q: What event are you looking forward to this summer?

A: Olympics

Q: What is something people do not know about you?

A: I fenced in college and played against someone who played in the olympics (I did not win)
