Each bunk completed a series of challenges, in dino theme to turn the power back on! From the Blindfolded Explorer, escape the T-Rex, Find the Fossils and so much more, each camper enjoyed completed these challenges together in their bucket hats and headlights. Congratulations to all of the winning bunks! What a great way to end our first month!

Tuesday, we tearfully said goodbye to our first month friends and excitedly greeted our new second month campers! While competing in The Morasha World Record and Bunk Bids throughout the day. Check out the list below for the winners! Machzor Aleph spent the day earning "money" to bid in the Bunk Bids auction later that evening. Meanwhile, Machzor Bet tested their limits at Fear Factor and were challenged to complete in a variety of activities and events. On Wednesday, the tone was set for Tisha B'av with the 9 Days Show: "At A Glance." This production was a reminder of Jewish persecution and introspection about challenges the Jewish people currently face. Campers debriefed with their Chinuch Heads after viewing the show, and reflected on their experience. Wednesday night, Tisha B'Av commenced with campus singing, the annual Torch Procession, Eicha, and a program for Machzor Bet campers.

Parsha Thoughts...by Gavriel Katz (B19)

Time and again we find Mitzvot which are mentioned more than once. In fact if Hashem had mentioned each of the Mitzvot only once, the Torah would be far shorter. What we find is that every time a Mitzvah is repeated, the presentation is slightly different. There is what we call a 'Chiddush' – Something new. Something fresh to add a new dimension to the performance of that Mitzvah. A fine example of this is in the first two paragraphs of the Shema. In Parshat Va'etchanan we read the first and in the following week's Parsha, Parshat Eikev we read the second. We find that in these two Parshiot, various Mitzvot are repeated: to love Hashem, to study and to teach Torah, to wear Tefillin and the Mitzvah of Mezuzah. The chief Rabbi states that you will notice that there is a significant difference. The first paragraph of the Shema is in the singular. "V'Ahavta – You in your own personal capacity should love Hashem." "B'Shivtecha B'Veitecha – When you are in your home you should be studying and teaching Torah." "Al Mezuzot Beitecha – Upon the doorposts of your house you should have a Mezuzah." These same Mitzvot in the second paragraph of the Shema however, are all in the plural. The message is that we have a dual responsibility.
